EXPERIENCE

Whistl

REACT SENIOR DEVELOPER

Feb 2024 – Present

- Leading the redevelopment and optimization of the front-office order management and mail delivery system for a high-volume warehouse, significantly enhancing operational efficiencies.
- Architecting and managing the full lifecycle development of multiple enterprise-scale internal applications using React 16 and 18, demonstrating deep expertise in modern frontend technologies.
- Optimizing data management processes by leveraging React Query for efficient data fetching, caching, and state synchronization, significantly reducing load times and server overhead.
- Implementing advanced user interaction and validation mechanisms using Formik, achieving robust data integrity and improved user experience across all platforms.

London Stock Exchange Group

FRONT-END TECHNICAL LEAD

May 2023 – Feb 2024

- As a SAFe Certified practitioner facilitated agile ceremonies such as Sprint Planning, Daily Stand-ups, iteration reviews and retrospectives, ensuring continuous improvement and alignment with business goals.
- Maintained Program Increment objectives, aligning team efforts with strategic goals and ensuring successful PI execution.
- Fostered a culture of collaboration and transparency, enhancing communication and coordination between teams and stakeholders.
- Monitored and tracked team performance, using metrics and feedback to drive continuous improvement and improved delivery processes.
- Guided the migration of a Silverlight application to Angular using Angular 16 and NX extensions. • Developed and maintained backend services using .NET, ensuring seamless integration
- with Angular applications. • Leveraged .NET for developing and optimising APIs, enhancing the functionality and
- performance of web applications. • Used Azure services in conjunction with .NET for deploying and managing applications in
- the cloud environment. Worked with UI frameworks like PrimeNG, Angular Material, and DevExtreme for
- Angular. Proficient in TypeScript, NGRX, and RXJS for robust application development.
- Extensive experience with testing frameworks such as Playwright and Cucumber.

Turner & Townsend

FRONT-END SENIOR DEVELOPER

September 2022 – March 2023

- Developed internal applications with Angular 14, NX extensions, Angular CLI, and Monorepo's architecture.
- Actively participated in Agile practices to ensure alignment and collaboration across
- multiple Agile teams. • Collaborated with cross-functional teams to implement Scrum principles, enhancing the
- consistency and effectiveness of Agile processes. • Engaged in continuous improvement initiatives and retrospectives to refine workflows and
- optimise delivery cycles. Leveraged Angular Material, TypeScript, NGRX, and RXJS to deliver robust frontend solutions.
- Employed advanced Testing Frameworks like Cypress, Playwright, and Cucumber for reliability and quality assurance.

Marks & Spencer

FRONT-END TECHNICAL LEAD

September 2021 – September 2022

- Spearheaded the development initiatives for internal applications tailored to the Sparks and Loyalty departments.
- Promoted Agile best practices and principles across the organization to improve productivity and quality.
- agreed-upon quality standards. • Orchestrated Agile ceremonies, including Sprint Planning, Daily Stand-ups, Iteration

• Defined and upheld the Definition of Done (DoD), ensuring that all team deliverables met

- Reviews, and Retrospectives, to drive continuous improvement and ensure alignment with business objectives.
- Conducted Three Amigos sessions, bringing together business analysts, developers, and testers to refine user stories and ensure shared understanding.
- Collaborated closely with cross-functional teams, including developers, designers, and stakeholders, to deliver high-impact projects on time and within budget.
- Implemented comprehensive testing strategies using Cypress and Cucumber, ensuring high-quality and reliable software delivery.
- Used Angular, NX extensions, Monorepo's architecture, TypeScript, Azure CI/CD, and GIT Source Control.

Homes England

FRONT-END ANGULAR SPECIALIST • Led the development of public-facing and client internal-facing applications dedicated to

support frontend applications.

July 2020 – September 2021

- supporting HELP TO BUY and Affordable Housing initiatives. Collaborated with cross-functional Agile teams to define project requirements and
- deliverables, ensuring alignment with business goals. • Followed agile best practices and methodologies to streamline development processes
- and improve project delivery timelines. • Participated in Agile ceremonies, including daily stand-ups, sprint planning, sprint
- reviews, and retrospectives, to help enhance team collaboration and productivity. • Used .NET for backend development, creating robust and scalable APIs and services to
- Integrated Angular with .NET backend services to ensure seamless data flow and efficient performance.
- Developed and maintained Azure cloud infrastructure, leveraging .NET to deploy and manage web applications.
- Technology Stack: Angular 11, NX extensions, Angular CLI, Angular Material, SSR Angular Universal, Gov UK Frontend, TypeScript, C#, Terraform, Azure CI/CD, GIT Source Control.

EDUCATION

CAECE University BACHELOR OF BUSINESS ADMINISTRATION IN MANAGEMENT

INFORMATION SYSTEMS

1995 - 1999

SKILLS

Certified SAFe Practitioner	SAFe	Scrum
Backlog Management	Continuous Delivery Mapping	Stakeholder Engagement
Conflict Resolution	Action Planning	Agile Principles
Tailwind CSS	SQL Server	CI/CD
GIT	ASP.Net	Terraform
C#	TypeScript	NX (Narwhal Extensions)
Angular Material	React Query	Formik
Redux Toolkit	Angular	React
Bootstrap
